

## Number – Money problem

Some of the numbers are missing from this bill.

Can you find out how much the pineapple costs?

$£1.40 = 140\text{p}$   
 $140 \div 28 = 5$

Item	Number bought	Price each	Total
Pineapple	1		
Orange	8	28p	£1.40
Apple	8	15p	
Total			£4.35

$8 \times 15 = 120$   
£1.20

Item	Number bought	Price each	Total
Pineapple	1		
Orange	5	28p	£1.40
Apple	8	15p	£1.20
Total			£4.35

$1.40 + 1.20 = 2.60$   
 $4.35 - 2.60 = 1.75$

**Pineapples coast  
£1.75 each**
