Keeping our minds healthy together

Lots of people are feeling worried about the current situation we are in globally. It's important to plan at least one daily activity to release some of these anxieties and stop them from becoming overwhelming.

You could: draw, listen to a podcast or music, go out for a 30 minute walk (remaining socially distant), speak to a friend or family member about a topic you didn't know much about, read, complete the Cultural Challenge.

Message from Mrs Lynch:

Hi all,

I hope this message finds you all well.

This is been the most oddest of times and one that I hope we never have to endure again. Hopefully we can see you all again when you collect your grades in August, until then, keep messaging your mentor every day so we know you are safe and well.

Take the greatest of care.

Stay safe.

Mrs Lynch
