Dance in the Community

Why is Space important?

- A suitable space for dancing is one that allows movement, expression and development without restricting physical space.
- With space should be large enough to allow dance.
- It should be a space that is safe and secure.
- This includes a ceiling which is sufficiently high enough to allow unrestricted movement.
- Any changes to the space should be reviewed to ensure the space is safe and secure.
- Any changes to the space should be reviewed to ensure the space is safe and secure.
- Any changes to the space should be reviewed to ensure the space is safe and secure.
