

MEDICINE THROUGH TIME

GREEK AND ROMAN TIMES		
Four Humours	army	supernatural
Galen	balanced/unbalanced	natural
Hippocrates	Asclepius	gymnasium
Hippocratic oath	dissection	hygiene
Observation and Recording	herbs	theory of the opposites
Diet	votive	opposites
Exercise	temple	sewer
Aqueduct	bath	latrine
Drain	slaves	sauna

MEDIEVAL MEDICINE
Four humours
Purging
Theory of the opposites
Bloodletting
Quacks
Barber surgeons
Leeches
Plague
Black death
Superstitious
Religion
punishment
The church
Disease
Galen & Hippocrates
Hotel De Dieu
Almshouses
Leper houses
Monasteries
Hospitals
Nuns
Urine chart
Herbal remedies
Prayer
miasma

RENAISSANCE		
Harvey	Vesalius	Pare
Blood	anatomy	Ligature
Circulation	detailed illustrations	War surgeon
Veins	student observation	cauterisation
Arteries	grave robbing	battlefields
Dissection	challenged Galen	wound
Experiments	septum	printing press
Observations	human jaw	re-birth
Heart	Fabric of the Human body	questioning
blood re-circulated		
experimentation		
heart similar to pump		
Jenner	inoculation	
Smallpox	opposition	
Cowpox		
Milk lady		
Vaccine		
Government		
Observation		

MODERN MEDICINE
Antibiotics
Chemotherapy
Diabetes

Genetics
Heart transplant
Influenza
Magic bullet
Microscope
Key hole surgery
Penicillin
Radiotherapy
NHS
Bevan
Stem cell research
X Ray
Test tube baby
MRSA

INDUSTRIAL MEDICINE	
Cholera	Bazelgette
The great stink	sewers
Germs	Chadwick
Bacteria	report
Government	recommendations
Laissez faire	acts
Factories	tax
Overcrowding	local councils
Pollution	Medical officers
Cess pits	
Toilets	
Water pumps	
Death rates	
Miasma	
Poor living conditions	
Sewerage	
Slums	
Epidemic	
Typhoid	
Tuberculous	
Rubbish	
population	

SURGERY
Blood
Anaesthetics
Antiseptics
Blood transfusions
Hygiene
Scrubs
Sterilisation
Operating theatre
Inhalation
Bacteria
Carbolic acid
Infection
Pain
Blood loss
Ether
Laughing gas
Chloroform
