

## **Personalised Learning Checklist**

Look at each of the knowledge statements

If you are confident that you know what it means, tick the green box.

If you're not sure what it means, tick the yellow box.

If you definitely don't know what it means, tick the red box.

*By the end of the term we want to see the boxes turned to green ticks. We are learning this because we can be faced with emergencies, with no warning and we need to know how to deal with them in a safe manner. We should be responsible for own safety in the wider world and we should know about some of the important decisions, such as organ donation, that we may have to face.*

	<b>Knowledge Statement</b>	<b>Not a clue</b>	<b>Not sure</b>	<b>Confident</b>
1	I know what to do in an emergency situation such as an accident, including making an emergency call			
2	I know how to treat bites, stings and minor bleeds.			
3	I know how to deal with shock and fainting.			
4	I can do CPR			
5	I know how to deal with someone who is having a seizure.			
6	I know my responsibilities as a pedestrian and a road user.			
7	I know what organ donation, blood donation and stem cell research is.			
8	I understand what anaphylactic shock is and how to deal with the emergency			
9	I understand some strategies to make road use safer			
10	I understand the May 20 <sup>th</sup> 2020 law on organ donation.			
11	I can make recommendations to others on how to be safe on the roads			
12	I can make some comments on my opinion on organ donation, blood donation and stem cell research.
